

HUNDREDS OF THOUSANDS ARE NOW HOMELESS

VAST AREA OF FRANCE HAS BEEN INUNDATED BY FLOOD

People are fleeing for their lives and Monetary Losses Will be Incalculable

Villages Completely Submerged and Inhabitants Ruined--Government Comes to Aid and Public Fund is Being Raised.

FLOOD DEVELOPMENTS.

Crest of flood expected on Thursday morning. Seine still rising; now registering 28 feet at the Pont Royal, or 19 feet and 8 inches above normal. 50,000 thrown out of employment by the closing of factories. 200,000 homeless. Entire standing army mobilized to air fighting flood. Paris-Orleans railway completely tied up. Government requisitioning all vacant houses to care for the homeless. River, breaking through retaining walls, continues to spread over the city, causing a loss that will aggregate many millions. Soup and bread lines organized to feed destitute. Five feet of water in basement of Ambassador Bacon's home. Telegraph and telephone communication with rest of the country practically destroyed.

Paris, Jan. 26.—The cabinet today estimated the flood loss throughout France at \$180,000,000, with the probability that it will reach \$370,000,000. Two more towns were completely inundated today. The flood is expected to reach its crest tomorrow morning. The chamber of deputies held a special calamity session today. Eighty motor boats under command of naval officers and manned by marines, arrived today to assist in the relief work.

Paris, Jan. 26.—Paris hopes for a change in the weather that would relieve the terrible flood situation were met today by a heavy snow and a rising temperature that melted the snow as fast as it fell. Indications are that no improvement is likely for several days. Fifty thousand men are unemployed and 200,000 homes are flooded.

The floods have brought disaster to a large part of France. The ordinarily modest and peaceful Seine is now a raging torrent and rising at the rate of more than half an inch an hour. As it rushes furiously seaward it sounds the message of increasing misery and destruction. The victims of the flood number more than two hundred thousand and the monetary loss is incalculable. Thousands of poor are hopelessly ruined and fleeing to Paris. The government has requisitioned army and navy materiel to house the sufferers and boats for the rescue of the stricken as well as for those imprisoned in the houses in the flood districts on all sides of Paris.

The region of inundation is steadily enlarging and in villages are completely submerged. The people fleeing for their lives and abandoning everything in many cases, the soldiers have been ordered to use force in compelling the inhabitants to evacuate the homes. Hundreds of them refused to leave, clinging only for food and water. In Paris the situation is rapidly becoming worse. The floods, spurring neither the rich nor the poor. The flood is invading the commercial district on the other side of the Seine, undermining the residences and public buildings and forming the evacuation of many homes. At the streets are in one of the most serious in the eastern section are running rivers. Every hour helps to complete the ruin of the telephone and telegraph and railroads. The subway and tram service are diminished and in many cases are completely stopped. Paris is practically cut off from the rest of the world and if the present conditions continue, the question of food supplies will become menacing.

The Senate unanimously adopted an appropriation of \$400,000 for national relief and various societies are sending out calls for aid. The public fund for this purpose is swelling. President Fallieres heads the list with \$40,000. The Rothschilds have given \$20,000. The Bank of France \$10,000 and the Banque de Paris et Des Pays Bas \$10,000. The entire population of Paris and the surrounding area, which are completely covered with water, are in a desperate state. Only the tops of the houses at Alfortville are visible, the water averaging 12 feet in the streets. At this place since yesterday 5,000 persons have been rescued by boats and 10,000 others from this section have found safety by their own efforts. In many towns along the rivers the houses are collapsing and the wreckage is whirled off in the stream. The rescue work at Alfortville was hampered last night by lack of light. There were word scenes as the boats, aided now and then by the glare of a searchlight, were rowed here and there responding to calls for aid. But the Seine would continue to rise until rescuers had more to contend with than the turbulent waters. Groups of apaches had gathered and were engaged in the work of piracy. They seized several of the boats and robbed the occupants. The river authorities announced that the Seine would continue to rise until Thursday, and will exceed the high record of 1902. The Lyons railway company sent out a notification that all service out of Paris had been suspended.

NEWSPAPERS

Can Make Crusades and Get Results, Declares Chairman Williams, Probing High Prices. Columbus, Jan. 26.—Chairman Williams of the committee to investigate the high cost of living issued another statement today in which he said the trouble in food prices shows the power of the newspapers to make crusades and get results. He says the food stocks of the country are not depleted and that reductions of five to twenty per cent could not be made in the face of threatened scarcity. He says, "we don't need more farmers," and declares that kind of talk is to divert the public mind from the main issue, the abnormal margin between the prices paid to the farmer and the price paid by the consumer running from fifty to five hundred per cent. Plans for a state wide system of good roads are contained in a bill that will be introduced in the senate by Senator Aldrich. The office of the state highway commissioner is not disturbed but provision is made for a number of assistants who will help carry out new ideas in road building and improvement. A committee of experts is created and their duty will be to select highways in each county on which state road funds shall be expended. When this committee has mapped out a system of roads, it will be up to the state highway commission to see that the work is done. A total of \$440,000 is now being distributed annually by the state among the counties for road purposes.

WESTERN EUROPE SUFFERING FROM A SEVERE STORM

London, Eng. Jan. 26.—The whole of western Europe is today in the grip of a severe storm with blizzards, floods, and hurricanes causing damage that will run into the millions and a heavy loss of life. The storm extends from the British Isles through southern Europe throughout Italy and from Scandinavia to Gibraltar. The northern western and southern coast line from Denmark to Italy is dotted with wrecks. Water and land traffic is restricted and demoralized telegraph communications without news giving the full extent of the death and damage. Drownings have been numerous both on the seas and in the floods. In addition to the floods that cover one third of France, the northern part of Spain is now suffering a like calamity. Italy and southern Spain have been swept by gales which have blown down scores of houses, killed many live stock and wrought great damage to vineyards and orchards. Avalanches in the Alps and in northern Germany and Scandinavia have isolated a number of towns.

MR. TAYLOR IS STILL ON THE STAND

Night Sessions of Water Works Probe are Being Held

MAY FINISH THIS WEEK

Mr. Stasel, Attorney for Both "Lamb Board" and A. L. & W. Co. Testified Tuesday.

The examination of Mr. Taylor was continued Tuesday afternoon and he started on his windup testimony. Questions as to the difference in the plans and specifications between Davis and the Riggs & Sherman, the testimony showed there was very little difference and in both cases the prevailing clause was omitted. There was no signed contract between the Board and the Riggs & Sherman Co. to furnish an engineer during the contract with the York Construction Co. This was in 1908, and the Board was composed of Taylor, Pitser and Livingston.

Asked about a clause in the York Construction Co's contract, Taylor said the clause said the work should be completed by January 24, and if this failed the company was to pay \$20 a day. The witness said he knew this penalty money couldn't be collected under the state law.

Asked who was responsible for the clause being inserted, he replied the city solicitor certified to it, approving it, and the engineers passed it. Mr. Taylor said he was aware the company couldn't be held to the contract. The work was completed in December, some time before the final estimate was paid, May 11, 1909. The money was held up by the Park National Bank and the money was turned over to the city by the city. The company has never received their money as far as Mr. Taylor knows.

The final estimate was made June 22, 1909, and the order from the court was received by the city auditor. The estimate was \$2,236.24 and a voucher in this amount was made to the city auditor and paid to the court by that official.

On June 29, 1908, the Board received bids for labor and material for construction of the work under Riggs & Sherman plans. There were nine bidders on material and five on construction. The names of the bidders were read, and the A. L. & W. Co. again entered the field, to make up their loss. The bidders were: Brooks \$31,156.50; Tooney \$32,546.50; O'Hendon \$33,579.50; Stone \$32,351; A. L. & W. Co. \$31,911.50. These bids were rejected as too high. Understood the bidders "got together" and the were turned down. Said Brooks, one of the bidders said the contract should be let to the lowest bidder.

Mr. Bonnell of the A. L. & W. Co. told the board the same thing. The board then re-advertised for construction as the contract or material was awarded at the first bidding.

July 11 bids were received for construction work by the Board. The bidders were: A. L. & W. Co. \$28,617.50; Brooks \$27,503.50; Olds Construction Co. \$23,201.25; Stone \$22,941.50; W. W. Layser \$21,300.45; York Construction Co. \$25,588.51; Young & Sumner \$24,775.75; S. J. Spole \$20,604.19; Tooney \$23,532.95; Irwin \$25,014; J. C. Brennan \$29,004.75; F. W. Miller \$24,612.25. These bids were also rejected as being too high.

The Board again re-advertised. The bidders July 20 were: York Construction Co. \$20,025; Olds \$22,191.25; Young & Sumner \$22,758; Kinner, Korney & Henderson \$21,885.05; F. W. Miller \$21,590.25; Jos. Clements \$24,737.50; George Belford \$25,635.75; F. R. Stone \$22,279; Thos. Sweeney Co. \$21,734; Tooney \$21,752.50; J. C. Brennan \$25,302.25.

The contract was awarded to the York Construction Co. Didn't hear of getting together. Their work was the same as the Riggs & Sherman plan and specifications.

The company was to lay 6,000 feet of 8-inch pipe, 24,000 feet of 6-inch pipe and 475 lineal feet of 6-inch pipe. There were to be 177 6-inch pipe valves and 15 8-inch valves. One hundred and twenty-two hydrants were to be set and 1,000 square yards of brick pavement was to be laid.

The difference in the first and last bids was \$11,131.50. The total amount paid the York Construction Co. including the final estimate, was \$20,697.85. This was \$632.75 in excess of the estimate.

GIRL STRIKERS "MIX" IT UP

New York, Jan. 26.—Striking shirt waist workers this morning boarded a street car conveying a number of girl strike breakers, beat them in girl fashion, pummeled the detectives guarding them and whipped a policeman who tried to interfere. Police reserves had to be called to quell the riot. Four of the girls were arrested.

STOLEN LOOT IS RECOVERED BY PATROLMEN

About the 12th or 13th of the present month the office of the George Priest lively stable, rear of the Doty House, was entered and a lot of valuable property stolen. Among the goods taken were two double barreled shot guns, one Baker 12 gauge gun, and one American 12 gauge gun, a 22 calibre Stephens rifle, two lap robes, one \$25 set of harness and other articles. Ever since the robbery the police have been diligently at work on the case. Last day officers Burke and Swank found the stolen goods, where they had been disposed of by the robber, who was then taken to a small sum of money. The officers know the party who disposed of the goods and they are looking for him. This was a good piece of the work on the part of the officers.

A little over a year ago Miss Cora Madigan, daughter of Mr. Daniel Madigan, one of Newark's best citizens, had the misfortune to lose a valuable gold bracelet at the skating rink in the East End. She advertised extensively and also placed the matter in the hands of the police. Nothing was heard of the missing bracelet, however, until last Tuesday evening, when Officers Burke and Swank located the missing piece of jewelry and returned it to Miss Madigan, who was overjoyed to regain possession of it.

Oliver Gray, colored, was arrested Wednesday morning by Officer Sullivan on complaint of W. A. Archer, who is charged with the charge of Larceny, grand larceny and disposing of mortgaged property. He was taken to the police station and will be held until he can be released.

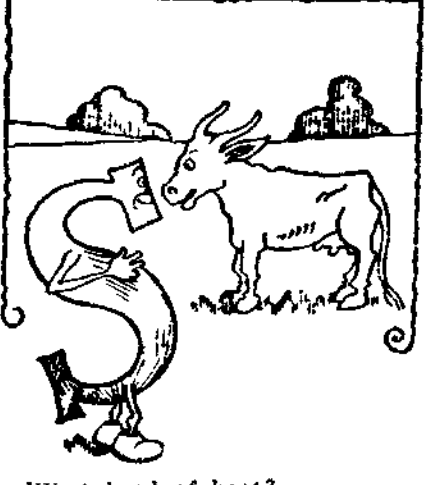

One white and two colored women were arrested Tuesday night by Officer Sullivan on the charge of disorderly conduct. The women were each fined \$1.00. The white woman and one of the colored women paid their fines and the other colored woman was committed to the police station.

Charles Smith, arrested on a charge of disorderly conduct, was fined \$1.00 and costs.

The boys were all looking at him with interest. He was a tall, thin man, with a long, straight nose, and a pair of eyes that seemed to look straight into your soul. He was dressed in a simple, dark suit, and he had a small, dark bag slung over his shoulder. He was standing in the middle of the room, and he was looking at the boys with a steady, unflinching gaze.

GIVE IT A GENTLE PHYSIC FIRST

Promptly Cleanses the Stomach, Liver and Bowels, and They Feel Fine in a Few Hours.

When your child is cross, feverish, all sick, full of cold, fretful, stomach out of order, tongue coated, nervous, doesn't eat or sleep, well and feels up-set generally, it is because its little bowels are constipated; stomach sour and disordered, liver is sluggish and it needs a thorough, though gentle physic at once.

AMUSEMENTS

THE TRAVELING SALESMAN.

An interesting commentary upon the American people, especially among first impressions of foreigners visiting our shores, is that which we want to be something else than what they are. Ex-president Elihu of Harvard University, ascribes the symptoms to the extreme liberty Americans enjoy, coupled with the widespread tendency of migration. Liberty of speech and action in this country, added to the desire to better one's condition, he contends, induces a desire to change location. Thus the population is constantly shifting, with change of one comes new habits and customs and none is content to follow the same routine or mode of life.

ECZEMA ON HANDS

FOR TEN YEARS

Were Raw All Over and the Humor was Spreading to Body and Limbs—Professional Treatment did No Good—Daughter had Eczema, Too.

CUTICURA A SUCCESS IN BOTH THESE CASES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Cuticura Ointment, my hands were nearly healed over, and by the time I had used the third bottle I was entirely well. I had a good appetite and was fatter than I ever was. To any one who has skin or blood disease I would honestly advise them to try nothing else but Cuticura and get well. My hands, which had been the subject of ridicule for years, are now the subject of admiration. I cannot praise Cuticura highly enough. It has done me and my family a great deal of good. My daughter, who had eczema on her hands, was cured by Cuticura. I have used Cuticura for other members of my family and it always proved successful. I recommend it to any one with eczema. After using it I would never use any other medicine. Mrs. M. E. Paine, Speers Ferry, Va., Oct. 19, 1909."

BASKETBALL

A treat for the lovers of basketball will be the two games at the Armory Friday evening. When the local high school team tosses baskets with the strong aggregation from Duane academy, and the first local Y. M. C. A. team meets the husky aggregation from Lancaster. These games will give the Newark people the opportunity of seeing both the local teams in operation and for the price of one game. Arrangements have been made whereby 500 people can see the game in comfort.

The High School boys are working hard and expect to win their game which will be a hard one as both teams are pretty evenly matched and should be a pretty game to watch.

The local Y. M. C. A. team has not been defeated this year and they do not intend to be this time.

This team has already gained the reputation of one of the best if not the very best in the state. Lancaster All Stars are a fast aggregation and should give a good account of themselves.

Let everybody turn out and root for the Newark teams.

S.S.S. BEST TREATMENT FOR CATARRH
 There is no way to cure Catarrh except to purify the blood, and thus do away with the cause. The symptoms may be benefited by the use of washes, inhalations, sprays, medicated tobacco, etc., and through the use of such treatment catarrh sufferers receive temporary relief and comfort. External and local measures however cannot have any effect on the blood, and therefore their use alone is of no real curative value. Catarrh is a deep-seated blood disease, and comes as the result of catarrhal matter and other impurities in the circulation. These morbid matters in the blood cause an inflammatory and irritated condition of the mucous membrane or tissue lining of the cavities of the body, producing an unhealthy secretion, ringing noises in the ears, stuffy feeling in the head and nose, headaches, hoarseness, bronchial affections, watery eyes, etc. S. S. S. is the best treatment for Catarrh because it is the greatest of all blood purifiers. This medicine removes every particle of the catarrhal impurity from the circulation, making this vital fluid pure, fresh and healthy. Then the inflamed membranes begin to heal, because they are nourished with pure, health-giving blood, every symptom disappears, and S. S. S. produces a perfect cure. S. S. S. does not contain any habit-forming drugs, which really never can cure Catarrh, but often ruin the health. Book on Catarrh and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Ask Her This Question

"Do you know of any woman who ever received any benefit from taking Lydia E. Pinkham's Vegetable Compound?"

If any woman who is suffering with any ailment peculiar to her sex will ask her neighbors this question, she will be surprised at the result. There is hardly a community in this country where women cannot be found who have been restored to health by this famous old remedy, made exclusively from a simple formula of roots and herbs.

During the past 30 years we have published thousands of letters from these grateful women who have been cured by Lydia E. Pinkham's Vegetable Compound, and never in all that time have we published a testimonial without the writer's special permission. Never have we knowingly published a testimonial that was not truthful and genuine. Here is one just received a few days ago. If anyone doubts that this is a true and honest statement of a woman's experience with Lydia E. Pinkham's Vegetable Compound write and ask her.

New Orleans, La.—"I suffered with inflammation and ulceration for a long time, and had dreadful backache and a weakness. I had been under the doctor's treatment for six months and they claimed I must be operated upon. I was in bed three weeks and could not turn over on either side the pains were so bad and I was so nervous. Then Lydia E. Pinkham's Vegetable Compound was recommended to me by a neighbor, and I had taken it only a short time when I felt relieved and now I am a well woman. I am in fine health and feel like a young girl. I have recommended the Compound to my next door neighbor, and hope that all suffering women will try it."—Mrs. J. Wilson, 4016 Ulloa St., New Orleans, La.

Any woman who is sick and suffering is foolish surely not to give such a medicine as this a trial. Why should it not do her as much good as it did Mrs. Wilson.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

WASHINGTON BANQUET AT GRANVILLE

Will Be Held Feb. 23 and Promises
to Be Great Success—Fell on
the Ice.

Granville, Ohio, Jan. 28.—Arrangements are already being made for the annual Washington banquet which is a feature of Denison university. The date has been fixed for February 23. While the success of the function is dependent upon the alumni, in a large measure, still the students are manifesting more than usual interest and the affair promises to be the greatest success of any banquet ever held at Denison.

The condition of John Smith, who has been suffering with blood poison in one of his feet for some time, is reported as being very serious at this writing. He is gradually growing weaker and it is thought that the end is near.

Tuesday evening services were held in the Baptist church, when Dr. Francis of Boston preached a very helpful and instructive sermon. The Denison Glee Club and Mrs. Elizabeth T. Wilson furnished the music.

At a meeting of the Kappa Phi Sorority held on Tuesday evening the Misses Clytie Brown, Bess Bruce, Janette Agnew, Bernadine Hull, Ruth Adler, Charlotte Eddy, Genevieve Mend, Ruth Hastings were initiated into the society. A most enjoyable time was had by all.

Miss Mildred Hastings of Findlay, O., who has been visiting in the village for a few days has returned home.

Mrs. Charles DeWee, who lives northeast of town, had the misfortune to slip on the ice Tuesday and fall with such force that one of her arms was badly injured. At first it was thought that the accler was broken, but an examination showed that it had only been badly sprained. She was walking along a path in the yard at the time, which was covered with a glare of ice through alternate freezing and thawing of the snow. Her many friends will regret to learn of her misfortune, which will have the effect of confining her to her home for some days. They all wish for her rapid recovery.

The second of the Senior exercises occurred in the recitation room of Prof. Williams on last Monday morning, when the following program was carried out:

Oration—"The True Conservatism" Mitchell
Oration—"A College Man in Business" Jaquart
Oration—"Substance and Show" McMillan
Essay—"The Microscope as a Reading Glass" Miss Orcutt

Recently a new mandolin club, composed of Denison students was organized with the following officers: Leader, C. S. Stillwell; Manager, A. B. Conley; Assistant Manager, W. E. Divine. At present the club has fourteen members and they are all hard at work on a program consisting of classic selections, college melodies and popular music, which it expects to present later in the year to the public.

Mr. and Mrs. Jacob G. Freeman, of Canton, Ohio, who have been visiting relatives and friends in Granville and vicinity for a few days returned home on Tuesday.

Miss Allie Williamson, a charming young lady of Portsmouth, who has been visiting Miss Jessie Williams here for the past week, returned home Wednesday.

At the regular meeting of the Cleronian society the following program was carried out:

Original poem—Kruk.
Reading—Cochran.
Question box—Cochran.
Declaration—Boach.
Extemporaneous debate—"Resolved, That Doane Should Have a Debating Team." Affirmative, Bjelke, Ross Howell; Kruk and Heinrichs; negative, Downey, Clark.
Shield—S. O. Miller and Ferris.
Read by Miller.

Thomas Vincent, of Columbus, spent Tuesday in the village.

You never hear a man howl when his conscience hurts him.

Board walk—the march to the dining room.

Those who fight their consciences will never have to fight their friends.

You cannot always judge a man's speed by the way he walks to work.

This is the Flag Peary Nailed to the Pole

The most significant trophy of modern times. It has waved at the apex of the earth, where a day and a night are a year, and every direction is south. No battle flag was ever planted in the enemy's stronghold after struggles as severe as those which carried this banner to the goal. It is the Star Spangled symbol of courage and endurance and faith beyond comparison. It is the emblem of man's conquest over every obstacle, the triumph of spirit over matter.

We have reproduced this priceless trophy in facsimile in colors on the cover of the February number of HAMPTON'S MAGAZINE. You should preserve this reproduction among your most treasured possessions.

Read Peary's Own Story. Now appearing exclusively in HAMPTON'S MAGAZINE. Every instalment is complete in itself. In the February number Peary tells about selecting the Eskimos for his last expedition, and describes their life and their strange customs; what they have meant to him, and what he has meant to them.

Whoever takes pride in being well read and well-posted in regard to the world's progress should read this story of the greatest discovery since that of Columbus. No other magazine feature has ever roused such wide-spread interest among thinking people.

"The Best Magazine in America" 15 Cents FEBRUARY On Sale Now

Order a copy from your newsdealer at once. A magazine of such tremendous interest will quickly "sell out." You must not fail to enjoy the greatest features that have ever appeared in any magazine.

Other Great Features and Fiction by World-Renowned Writers make the February number the most expensively edited and most remarkably interesting magazine ever published.

"William the Sudden"—the Roosevelt of Germany—A remarkable character sketch of the German Emperor, written by the English wife of a Prussian court official. The most interesting, intimate and authentic study of William II that has ever appeared in print.

The Real Story of the Guggenheims and the Smelter Trust—Eugene P. Lyle, Jr., tells how Meyer Guggenheim and his sons came to Colorado and got control of the smelting industry. Marvelously vivid, almost fiction-like narrative of the upbuilding of this gigantic Trust to which the whole West pays tribute.

What Has Become of Our Pure Food Law?—Samuel Hopkins Adams says it is a dead letter and for every housewife to beware of a market flooded with benzoate of soda. He riddles the report of the famous Remsen Commission appointed by Roosevelt and details the activities of Secretary of Agriculture.

Admiral Evans Demands a Free Panama Canal—In the second instalment of his sensational series "Fighting Bob" demonstrates why we must make the Canal free to all the world.

Strong Brilliant Fiction—Another of the famous *Luther Trant* Psychological Detective Stories—the newest idea in detective fiction—unravelling the mysteries of crime with applied psychology. "The Consuming Flame," a great tragic love story of sea-life written by that master narrator of sea stories, James B. Connolly, whom Roosevelt chose to be the Kipling of our Navy. "Vox Populi Vox Dei," by Caspar Day, is a humor story of great charm and ingenuity. "Opportunity," by Helen Brooks, is a terse, sardonic tale of a man who did not make good. Other stories by Clara Morris, Honor Willis, Sarah Josephine Bayless.

If your newsdealer is sold out ask him to re-order or write to Hampton's Magazine, New York.
